

LINES FROM LANGLEY PREPARATORY SCHOOL & NURSERY

Issue No 257

23 April 2010

EDITORIAL

Welcome Back - I hope that you all had a restful break and that those of you that didn't, and got stranded abroad, have made a safe return. We include our Provisional Term List with this copy of Lines; pin it on your kitchen notice board and make a note in your diary of the events that your child will be involved in.

French Trip - Our French Trip was very successful and we will be having a 'get together' at some point soon for parents to share photographs and to hear the teacher's view of what the children got up to!

Joint Events with Thorpe House School - Easter Egg Hunt: the weather held out for us and the children were able to explore those areas of the school that they will be primarily involved with next year. My thanks go to Miss Holmes and Mrs Bill for doing most of the organising of this event.

Whole School Skipping Day: this was an excellent day with all the children learning new skills. We have already seen children using these skills on the playground since Wednesday. My thanks go to Mrs Rowell who organised the event and to the PTA who funded it. Pictures of this event will be published in next week's Lines.

We will be planning more opportunities for our children to get together during the term, particularly so that we are better informed about what our children are doing, so that we can start to plan schemes of work for next year.

U5's Activity Morning - Attached to this weeks copy of Lines is an invitation to our U5's Activity Morning. Please pass this on to any friends who have young children. All our EYFS children are invited to attend.

Mr S.B Marfleet

Unfortunately we do have to run it on a first come, first served basis and would therefore advise you to get your registration form in early to avoid disappointment. Y5 Environmental Geography

Congratulations to Year 5 who officially became our school recycling monitors this week.

They will be busy emptying our school recycling boxes into White's Paper Bank so we can reduce paper waste in school. You too can help by bringing in any old magazines, newspapers or catalogues; put them in the paper bank and we can raise money from our recycling.

They also visited the Material Recycling Facility in Costessey and saw how our tin cans, plastic, bottles, paper and card is sorted from home.... their message to you is;

"Help reduce the work going to landfill sites, reuse waste and recycle more and help us to help the environment".

Very well done to Toby Emerson for winning the recycling badge competition and a huge thank you to Mr & Mrs Hollidge for their help in making the badges.

HAPPY RECYCLING AND THANK YOU. Mrs Hood.
